

Game Shows Are Winners with your Students Which Means a Jackpot for Your Program

They're hot. Prime time game shows such as "*Who Wants To Be A Millionaire*", "*Weakest Link*", and "*Greed*", are drawing millions of viewers. New Game Shows like "*Dog Eat Dog*", "*Survivor*" and many others are taking game shows to new heights.

Why not have your own contests to find your geniuses ? Or just host a game show because everyone loves them and they are just plain fun.

We have cost effective stand alone game shows, some of which use multi media enhancements. Stage games for schools are different from those on TV, plus they involve more people which means more fun for everyone. Game shows create great spectator action for those who would rather watch and listen. With that, we can do other activities and contests between games.

Students love to participate at events while at your educational gathering or fun gathering, so it makes \$ense to add some fun to their time there. Teachers love us to push their subjects and students like how we make learning fun and everyone goes home a winner.

Not So Trivial Applications

- ◆ **Programming Boards** - College programming boards can bring fun, exciting, buzzer-banging, interactive programs that target all types of audiences. Committees that can use us include: Special Events, Coffeehouse, Day Time Activities, Special Weekends.
- ◆ **Residential Life** groups inking fraternities and sororities can use game shows for special events
- ◆ **Educational Enhancement:** Enhance any curriculum with targeted questions. Get instant feedback on how presented.
- ◆ **Special Event Add On:** Great addition to existing special events such as a family carnival or field day. Great teaser for Homecoming, Prom, Turnabout, etc. We even have full DJ services and interactive programs.
- ◆ **Promotions**—game shows create a high energy, interactive environment that can help plug any type of product or service — including groups, institutions, and market services.
