

# Game Shows Are Winners with your Students Which Means a Jackpot for Your Program

They're hot. Prime time game shows such as "*Who Wants To Be A Millionaire*", "*Deal or No Deal*", and **other contest shows**, are drawing millions of viewers. FOX even has programmed specials like "*Challenge of the Child Geniuses*".

Game Shows are a fun way of learning for children of all ages and personalities.

We have cost effective stand alone game shows, some of which use multi media enhancements to fit the bill. Stage games for schools are different from those on TV because they run faster they involve more people which means more fun for everyone. Game shows create great spectator action for those who would rather watch and listen.

Students love to participate at events while at your educational gathering, so it makes \$ense to add some fun to their time there. Teachers love us to push their subjects and students like how we make learning fun and everyone goes home a winner.

We involve more participants per event with more program choices than any other traveling game show production company.

**Who Knows Game Shows?  
We Are Your *Final Answer*.**

Researchers and Teachers agree, Game Shows are a great way to reinforce learning.

- ◆ Entertained Students Learn More.
- ◆ Positive Emotions Help in Brain Mapping.
- ◆ Stress Relief Reinforces Learning.
- ◆ Teamwork is Reinforced.
- ◆ Teachers see what is being missed. Game Shows Are Customizable.
- ◆ Stage Game show from Game Show Gurus involve as many children as possible.
- ◆ Confidence is increased.
- ◆ Game Shows create an exciting and high energy atmosphere.

For more information on how game shows can contribute to learning, see our web site [www.gameshowgurus.com](http://www.gameshowgurus.com) for extended articles.

## Not So Trivial Applications

- ◆ **Educational Enhancement:** Enhance any curriculum with targeted questions. Example: History week or D.A.R.E. programs.
- ◆ **Cultural Event:** Our general questions can be geared towards any age group—Kindergarten through college. Add a break in their day and make learning fun and exciting.
- ◆ **Special Event Add On:** Great addition to existing special events such as a family carnival or field day. We even have full DJ services and fun services like inflatables.
- ◆ **Special Event—Family Fun Game Night, Picnics, etc.**

Special programs are designed for primary schools to maximize how many children get involved per event.
